As a team, submit this form with every team assignment (as a PDF). To be clear, submit a single form that represents the consensus of the team. Points will be deducted for a team member that is rated a 0 (no points) or 1 (half points) on an assignment. Please note that the instructor will not grade a team assignment without the concurrent submission of this form. Also note that this form is a binding decision on each team member by consensus of the team even if one team member objects to a rating.
